WHY WOULD I PLAY THIS GAME?

Do you think we can meet the Sustainable Development Goals (SDGs) by 2030 but do you have no idea how to start? This game will show you the possible world we can create. What can you do to make a lasting positive change? How can you start realising the SDGs in your life?

TELL ME MORE ABOUT THIS GAME!

The 2030 SDGs Game is a multiplayer, in-person, card-based game that simulates taking the “real world” to the year 2030 and challenges players to share and collaborate for achieving a common goal for all. Designed in Japan in 2016, this game has become a powerful and impactful tool for change. More than than 100,000 people worldwide have played the game. 2030 SDGs Game events are held in corporate, governmental, educational, and community settings. Due to a growing demand, there is now an English edition.

The game is designed to be played with 10 to 50 players. The whole experience takes 3 hours including playing and reflection.

CAN YOU BRING THE GAME TO US?

Yes, definitely! Just send us an e-mail or give us a call to discuss the possibilities.
